I'm currently studying Computer Science, Psychology and Philosophy at A-level, as well as completing an Extended Project Qualification (EPQ) in virtual reality interaction design and physics simulation (self-taught). I have a passion for creating new and unique user experiences as well as a strong desire to learn and gain new experience within the software engineering industry.

Education

2014 – Present   Student at Ilkley Grammar School

8 GCSEs grades 7-5
Notable Grade 7s in Computer Science, Electronics, and Chemistry

Current A-levels
Computer Science, Psychology, and Philosophy
EPQ in Computer Science with a predicted grade: A-A*

Previous work

2018 – Present   Kitchen Assistant at The Fleece Inn, Addingham

Temporarily left for 6 months to focus on GCSEs, during which I was given a reference by the head chef as one of the most hard-working employees they had.

Extra curricular activities

2012 – Present   Started programming learning Python and Scratch; moved onto HTML in 2015 and C++ in early 2019.

2018 – Present   Run school's Coding Club, teaching younger children to program and running competitions and projects. First joined in 2014 as a first year.

2016 – Present   Creating mods and maps for video games; programming side projects.

2018 – Present   Creating video games and other programs or experiences for virtual reality and flat-screen platforms; currently working on a tower defence game in Python; developing a new programming language based in C++; and a virtual reality revision tool running in Unreal Engine 4 but soon to move to Unity.
